## 3 Reasons Why SHOGUN BURGER is Delicious

### Patty

Using great beef ground techniques from long-established BBQ restaurants. We don't freeze our fresh Japanese beef patties. Our juicy coarse-grained WAGYU patties will be grilled after receiving your order.

### Buns

Made from 100% Japanese flour. The original buns are made from the recipe for having perfect balance with our special patty. Enjoy our fluffy and flavorful buns baked in this shop every day.

### Sauce

Using only salt-and-pepper is one of the best ways to enjoy WAGYU. But we made "3 original sauces" for upgrading our burgers. These sauces bring out the charm of the burgers. Check how they work!
